## STAR STONE CLEAR GLOSS

---

### Product Description

Star Stone Clear Gloss is a natural stone coating which is made from solvent based acrylic with black gloss appearance. It provides maximum protection to the surface of natural stone and gives uniform black dof color to the stone surface so that it becomes more beautiful and artistic. Suitable for indoor or outdoor uses.

---

### Fields of Application

- Natural stone

---

### Advantages

- Excellent adhesion
- Fungus resistant
- Good weather resistance

---

### Product Data

Type	:	Solvent based acrylic
Appearance	:	Clear liquid
Color	:	Clear
Finish	:	Gloss
Solid by volume	:	16 %
Specific gravity	:	0.9 gr/cc
Recomended coating	:	2 - 3 coat
Theoretical coverage	:	6 – 10 m <sup>2</sup> /litre (1 coat, depend on the substrate absorption)
Flash point	:	32° C
Drying time	:	1 – 2 hours (30°C)
Packaging	:	0.8 litre
Thinning ratio	:	- (ready for use)
Application method	:	Brush
Application temperature	:	25 – 35°C
Application humidity	:	Maximum 80 % RH
Recoating interval	:	Minimum 2 hours (30°C), when the first film already dry
Storage and Handling	:	Store in dry condition and good ventilation room and mix before use
Shelf life	:	60 month if stored properly in original unopened packaging
Cleaning	:	Thinner serba guna

---

## Instruction For Use

Step	Treatment
Surface Preparation	The surface must be clean, dry, sound, and free from all contaminants and loosely adhering particles. The surface should be in a saturated surface dry condition.
Application	Do not thin. Apply STAR STONE CLEAR GLOSS as topcoat as soon as the packaging is opened. Protect areas from traffic, rain, dust or other organism until the surface is dry. Provide adequate ventilation during application and drying

## Safety Precautions

Star Stone Clear Gloss is flammable. Do not smoke. Use only explosion proof equipment. Avoid contact with skin and eyes. Do not inhaled. Wear suitable protective equipment such as goggles, dust mask and gloves. For more information refer to material safety data sheet (available upon request).

### First Aid

- Skin contact : Wash with soap and water. If irritation occurs, seek medical advice
- Eye contact : Rinse immediately with plenty of water. Seek medical advice if irritation persists.
- Inhalation : Take the person out to get more fresh air, loosen collar and avoid exertion. Keep patient rested and help using breathing apparatus.
